## HOSTILE AIRPLANES AGAIN RAID LONDON

Enemy Planes Cross Coasts of Kent and Essex in Groups

No Casualties are Reported—Barrages Thrown up Prevent Raiders From Having Their Own Way—A Number of Bombs Were Dropped.

London, Sept. 29.—Hostile airplanes raided London again tonight. An official communication from the home office says:  
"Hostile airplanes crossed the coasts of Kent and Essex in groups between 8 and 9 o'clock. Several attacks were made upon London and some bombs were dropped in the northeast and southeastern districts. Bombs were also dropped at various places in Kent and Essex. No reports of casualties have been received."

London's warning of an impending raid was given quickly by policemen and everyone hurried to shelter. The distant roar of guns was heard. Then the explosions of anti-aircraft and the crack of shrapnel. The flash of bursting shells was incessant. From all directions defense guns boomed.

Mingled with the sounds of the guns the whirring of Gothas, was heard overhead, bombs began to drop. The fire of the anti-aircraft guns seemed heavier than on any previous raids and it was obvious that barrages were being thrown up to defeat the purpose of the raiders. At this time it appears that the barrages at least prevented the raiders from having their own way.  
When the signal "all clear" was finally given, London came out of its shelters and went home to bed. The moon was still brilliant altho a fog which was favorable to the raiders, began to set. Some cautious persons remained near shelter, fearing that another raid might occur before morning.

SENSATIONAL ADVANCES IN PROVISIONS AND GRAIN  
Acute Scarcity and Government Buying Establish Record Prices.

Chicago, Sept. 29.—Sensational advances in the cost of pork, lard and ribs, bacon have attracted much notice this week on "change." Acute scarcity of hogs together with government buying are ascribed as the chief reasons for the big upturn which range all the way from 50c to \$3.00. As compared with a week ago, corn is unchanged to 3-4c lower. Oats vary from 1-4c decline to 1-3-8c gain.

Until yesterday, every single day witnessed the establishment of new high price records in the provision market. Current receipts of hogs were less than half the numerous as they are under ordinary circumstances and it was generally believed that the failure of the country to respond to the big prices being paid for swine reflected the temporarily barren condition of the rural supply. In addition to news of the domestic scarcity, bullish statements were circulated regarding the world supply of meat and livestock. Big shipments of meats resulted in depletion of warehouse stocks, and it was anticipated that the government was buying enormous quantities of bacon for rapidly growing armies, not to mention other huge export requirements.  
Almost complete disappearance of nervousness about frost damage helped during the week to ease the corn market. Peace gossip and the seeming unlikelihood of any removal of the maximum price limit were also of general disadvantage to the bulls.  
The revival of export demand accounted mainly for the comparative strength of oats.

BRUCE ISLAND  
Declared a Part of the State of Illinois

St. Louis, Sept. 29.—Title to Bruce Island a 12,000 acre tract of rich land in the Mississippi river, opposite Ste. Genevieve, Mo., has been awarded by the federal court for the southern district of Illinois to John R. Boas, 78 years old, who had lived on the island for 38 years and who contested with the state of Missouri for possession of the land. The decision makes the land technically a part of Illinois though it is near the Missouri shore.  
The Illinois statute gives an owner of land adjacent to a river, title to any islands out as far as the main channel. The Missouri law makes such lands the property of the county, and provides that the lands shall be sold for the benefit of the school fund.  
Ste. Genevieve county sold this land a few years ago, and then Boas brought suit to determine the title. Boas bought the island in 1878.

"HOPED GERMANY WOULD WIN"  
Lands a Tallula German in Jail at Springfield

Springfield, Ill., Sept. 29.—John Honsel, a farmer residing near Tallula, Ill., who is reported to have uttered treasonable statements against the U. S., is held to the federal grand jury under bail of \$5,000, as the result of a hearing given here this morning before Commissioner Chapin.  
Honsel is reported to have said that he hoped Germany would win the war, and that he was banking on the fact that they would. It is also reported that he declared that there were not enough Americans in this country to "lick" the Germans here, let alone those in Europe.

## WAR NEWS SUMMARIZED

At a late hour the ban on press despatches from the Franco-Belgian front apparently had not been raised and the world was left to guess whether the interdiction was intended to conceal some military movement of prime importance or whether there was a relatively inconsequential reason for it.

The official statements afforded no clue to the mystery. Field Marshal Haig's report in the forenoon, for instance, was of the routine character that ordinarily excites no comment merely announcing reciprocal artillery fire. The Berlin statement was similarly unilluminating.

From the French front there was an absence of any interesting news except that violent artillery activity was reported east of the Meuse in the Verdun region. The official statement from Rome shows General Cadorna giving his infantry relief again, with the result that an important gain was effected in the Monte San Gabriele region north of Gorizia. A surprise attack gave the Italians a line rectified to their advantage between Zella di Gola and the northern slopes of Monte San Gabriele, 224 prisoners and a few machine guns being captured in the operation. The new line was solidly maintained in the face of several Austrian counter-attacks.

The Italian air operations were again of importance the airmen once more sweeping over the Austrian naval base at Pola, where the arsenal and submarine base were bombed by a big squadron. Austrian military establishments in the Carso zone were also successfully attacked from the air.

How heavy the fighting was on the British front in Flanders and northern France during September, despite the absence of attacks on a large scale until its closing days, is indicated by the figures of British casualties reported during the month, showing a total of 104,598 of which the killed comprised 18,938. These figures compare with total casualties of 59,811 for August, 119,549 for September a year ago, the third month of the Somme battle.

Friday night's German air raid on England was an abortive affair and costly for the Germans, resulting in negligible material damage and no casualties as far as reported. The airmen were unable to reach London, the alert and effective work of the British anti-aircraft guns and air forces setting up a barrier which was not pierced, while two of the German machines were shot down on the coast.

Woolley of Virginia for the term ending December 31, 1920; Clyde Baitchison of Oregon, for the term ending December 31, 1921; George W. Anderson of Boston, Mass., for the term ending in 1922.

Compiling with the Illinois statute, Secretary of State Emmerson called a socialist convention to meet in Chicago, Wednesday, Oct. 3, to nominate a socialist candidate to fill the vacancy caused by the death of Circuit Judge Lockwood Honore. Action of the secretary of state was made necessary by the fact that the Socialist party failed to nominate a judicial candidate.

## APPORTION SECOND LIBERTY BOND ISSUE

Apportionments Indicate What Each District is Expected to Do—Officials Use Two Bases of Subscriptions.

Washington, Sept. 29.—Treasury officials tonight announced the apportionment of the second Liberty bond issue, to be offered next Monday, among the various reserve districts of the country. Virtually two thirds of the loan is expected to be raised by the New York, Boston, Cleveland and Chicago districts, with one half apportioned to the first three named districts.

Apportionments, indicate only what each district is expected to do and may be entirely upset, as in the case of the first Liberty loan by the actual subscriptions. ## CONFERENCE REPORT TO HOUSE TOMORROW

Senate and House Conferees Agree On War Tax Bill

Levies of Almost a Billion Dollars of War Excess Profits and Over Three Quarters of a Billion Dollars on Incomes Were Left Unchanged.

Washington, Sept. 29.—Final agreement on the \$2,700,000,000 war tax bill was reached late today by the senate and house conferees and the report will be presented to the house Monday. Levies of approximately \$1,000,000,000 on war excess profits and \$842,000,000 on incomes were left unchanged, but a new system of calculating excess profits was adopted.

The conference report provides that the graduate tax of from twenty to sixty per cent on excess profits of corporations, partnerships and individuals shall be levied on a basis of invested capital compared with invested capital of the three previous years of 1911, 1912, 1913. This is a substitute for the senate taxes of from 12 to 60 per cent based upon a similar comparison of pre-war and present profits.

The senate increase of from two to four per cent of the income tax on corporations, joint stock companies and insurance companies was approved together with the new normal individual tax of two per cent on incomes of unmarried persons in excess of \$1,000 and of married persons of more than \$2,000.

The graduated excess profits rates are twenty per cent of excess profits not in excess of 15 per cent of the invested capital for the taxable year, 25 per cent on profits in excess of 15 per cent and not over 20 per cent of such capital; 35 per cent on excess over 20 and under 25 per cent of capital; 45 per cent on excess over 25 per cent and under 33 of capital; and a maximum of sixty per cent on profits in excess of 33 per cent of such capital.

## WINS A WAR CROSS.

Paris, Sept. 29.—The first American soldier to win a war cross with the Palm is John McClain of Dayton, Ohio, says the Paris Herald. On the night of Sept. 18, a German airplane flew over the village in which he was and dropped several bombs. Notwithstanding the warning expostulations of those near him, the newspaper continues, Private McClain dashed out into the road and discovering the bomb with the aid of a pocket electric lamp picked it up and hurled it into the river. The projectile exploded as it struck the water. It sent up a column of water and no one was hurt.

## REQUEST EXPULSION OF SEN. LA FOLLETTE

Petition Presented in Senate by Minnesota Senator

Wisconsin Member is Not in Chamber When Petition is Presented—No Discussion or Action.

Washington, Sept. 29.—A communication from the governor of Minnesota and the state public safety commission requesting the expulsion from the senate of Senator LaFollette of Wisconsin was presented in the senate today by Senator Kellogg of Minnesota and referred by Vice-President Marshall to the senate privilege and elections committee.

Senator Kellogg received the communication which was adopted by the state committee as the result of Senator LaFollette's recent speech at St. Paul.

Senator LaFollette was not in the chamber when the communication was presented and there was no discussion of other action.

Four other communications, one from the Washington Loyalty League, Washburn, Wis., and three from individuals demanding the impeachment of Senator LaFollette were received by Vice President Marshall and presented to the senate in the routine way.  
Characterizing LaFollette's speech in St. Paul on September 20, before the Non-partisan league as "disloyal and seditious" the resolution declared the utterances already have served to create treasonable sentiment in Minnesota and petitions the senate to begin proceedings to expel LaFollette as "a teacher of disloyalty and sedition, giving aid and comfort to our enemies and hindering the government in the conduct of the war."

Hundreds of signatures have been secured.

Only Two Decline to Sign

LaFollette be officially muzzled until the close of the war. Only two men approached refused to sign.

## BUSY DAYS FOR BANKERS.

These Morgan county bankers will  
be busy with the coming liberty loan.  
They must talk for it, organize for it  
and then lend us the money to buy  
the bonds.

## A UNITED STATES REQUEST.

In past years the farm advisor  
movement was proposed here solely  
for the benefit of local landowners

cause the government wants greater  
farm production as an aid in carry-  
ing on the war to a successful con-  
clusion. The government is now  
making a patriotic appeal to the  
farmers of this county. There should  
be but one answer and that a ready  
willingness to co-operate in this good  
work.

ness district the cars were parked  
two and three deep. It really took  
a great deal of care for a driver to  
pick the way thru the square and  
adjacent streets. The number of  
automobiles owned in Morgan county  
and coming to Jacksonville from ter-  
ritory outside of Morgan county is  
constantly increasing. The more cars  
come and the longer they stay the  
better it is for the business interests  
of Jacksonville. The plan has several  
times been suggested of using a  
part of Central park for auto park-  
ing purposes, and certainly this  
should be done or space secured for  
cars on some lot adjacent to the  
square. The question is one which  
should have the early attention of  
the city council and the business men  
of Jacksonville.

## NO TIME FOR STRUTTING.

There have been several state-  
ments in the press indicating that  
some of our soldiers abroad are  
wholly lacking in tact. It is said  
they are going about their war work  
in France with a high and mighty  
air of finality that suggests they  
have volunteered to cross the Atlan-  
tic to show the English and the  
French how to win the war. The  
sources of these reports indicate that  
they are true, but to people here it

is incomprehensible that any Amer-  
ican could assume an air of bravado  
and insinuate that the U. S. forces  
are going to show the allies "how."  
Most Americans are now realizing  
to the full as they have not done  
before that the allies have for years  
past been suffering and fighting in  
the cause of the U. S. while the  
people here have been mainly en-  
gaged in making money. With this  
truth staring us in the face the  
greater is the shame when any  
American abroad shows the spirit of  
senseless insolence mentioned.

If such persons can be identified  
they should be furnished with copies  
of Colonel Roosevelt's recent speech  
in which he calls "a spade a spade"  
and points so unsparringly to the  
present military helplessness of this  
country.

OPPORTUNITIES FOR  
HISTORY TEACHERS.

How the lessons of the great war  
may be taught in the school room  
is told in Teachers' Leaflet No. 1,  
on "Opportunities for History Teach-  
ers," just issued by the United States  
Bureau of Education of the Depart-  
ment of the Interior, for distribu-  
tion to teachers of history throughout  
the United States.

That the American teacher of history  
is this year planning his work  
under conditions at once perplexing  
and inspiring, is the Bureau's state-  
ment in announcing the new work.  
In its appeal to teachers the Bureau  
says:

"The training of young people  
and of the parents thru the pupils  
to take an intelligent part in the  
decision of public questions is impor-  
tant enough at any time, but it is  
peculiarly so in this war whose  
meaning for the individual citizen  
is not so easily brought home. In  
1823 and 1827, when the Monroe  
Doctrine was under discussion,  
Daniel Webster referred to the  
people who thought that Americans  
had no interest in the European sys-  
tem of mutual insurance for heredi-  
tary rulers against popular move-  
ments. What, they said, have we to  
do with Europe? The thunder, it  
may be said, rolls at a distance. The  
wide Atlantic rolls between us and  
danger; and, however others may  
suffer, we shall remain safe. Web-  
ster's answer to this question was  
strikingly similar to some of the  
utterances of President Wilson: 'I  
think it is a sufficient answer to this  
to say, that we are one of the na-  
tions of the earth—We have as  
clear an interest in international law  
as individuals have in the laws of  
society.'"

THE MORGAN COUNTY FARMERS'  
CLUB WANTS A COUNTY  
ADVISOR.

The Morgan County Farmers' club  
was organized in the autumn of 1914  
and is the result of a movement in-  
itiated at the close of an address by  
Mr. Bert Ball of Chicago, on Com-  
munity Co-operation, at the 1914  
chautauqua. Some of its promoters  
have continuously had in view the  
securing of a county advisor. It is  
so organized as to provide all the  
machinery necessary to handle a  
county agricultural bureau and ad-  
visor and this work must be in

charge of some local organization  
other than the municipal or county  
authorities.

Its plan of organization provides  
for an advisory council made up of  
one member from each township or  
fraction of a township in the county,  
an executive committee of seven, a  
president, a vice president, a secre-  
tary, a treasurer and such commit-  
tees as may be required and provides  
for the annual election of the council  
and officers.

The club held a number of meet-  
ings during the winters of 1914 and  
1915 which were well attended and  
profitable. During the winter of  
1916 an effort was made to ascertain  
the sentiment among the farmers of  
the county as to their wishes as to  
the employment of an advisor. Own-  
ers of about 20,000 acres of farm  
lands signified their willingness to  
pay not to exceed five cents per  
acre for three years to meet the ex-  
penses of an advisor. This assured  
an annual income of one thousand  
dollars, not enough to meet the re-  
quirements of the United States gov-  
ernment in order to secure federal  
aid.

For several reasons the matter was  
not pushed any further at that time.  
Congress was in session and the Illi-  
nois legislature met in January and  
both were expected to enact new leg-  
islation as to county advisors and  
both have done so.

Prior to this time, it was necessary  
for the county organization to secure  
pledges of funds and then wait until  
governmental funds were available.  
Now funds will be available from  
the United States and the state as  
soon as enough money is pledged lo-  
cally. The government is urging  
counties to procure advisors this year  
and \$140,000 is available for this  
work in Illinois.

TEN RULES FOR  
DISLOYALISTS.

Pro-kaiser and anti-war propa-  
gandists reveal their lack of "German  
efficiency" in the frequency with  
which they get themselves pummeled  
or "pinched."

In the interest of more efficiency,  
the Independent has condensed the  
methods of the most successful prac-  
titioners of disloyalty into ten rules  
for carrying on traitorous propa-  
ganda at least personal risk.

Most of all of these rules so ac-  
curately describe the arguments  
which nearly everybody has heard  
from one or more of the traitorous  
minded that they are worth frequent  
perusal. The rules are:

1. Assert on every occasion that  
"Wall Street" made the war. Never  
mind explaining when, how or why.
2. Get in all the sneers you can  
at any profession of ideal motives.  
If you can find any flaw in our  
democracy say that "we are just as  
bad an autocracy as Germany." Place  
the war in as sordid a light as pos-  
sible.
3. It is dangerous to denounce  
the United States directly. But rake  
history from end to end for mud to  
throw at the allies. Especially,  
twist the lion's tail.
4. Profess great concern lest  
sending food to Europe will starve  
America. Support every embargo  
movement that applies to the allied  
nations and none that does not.
5. If the president asks for any  
extension of power rave about "dic-  
tatorship" and the "overthrow of  
the liberties for which our fathers,  
etc."
6. Spread rumors that the allies  
are going to betray us or take ad-  
vantage of us as soon as we are  
deeply enough involved in the war.
7. Accept conscription in prin-  
ciple but hammer its working in ev-  
ery possible way. One good way is  
to start scares about revolutions  
and internal disorder as a pretext.
8. Demonstrate that the enemy  
is unconquerable and victory hope-  
less. Play the "candid friend" and  
act as a depressant.
9. Be very jealous to prevent  
"entangling alliances" and be much  
concerned about the Monroe doctrine  
if we "mix ourselves in European  
quarrels." A permanent league of  
nations would embarrass your junk-  
er friends if they remain in power  
after the war. Germany can only  
hope to conquer other nations if they  
act selfishly and in isolation.
10. When driven to make an un-  
equivocal statement protest your loy-  
alty and then change the subject.

**Phillips Estate a Large One**  
They moved to the farm where  
now Mrs. Phillips lives and in due  
time the family estate contained  
480 acres of Morgan county land and  
in addition the old lady herself has  
forty acres near the Winger place  
and she is quite independent. Her  
boys are William and Charles. Phil-  
lips who lives a little way northeast  
of the home place in a fine house;  
Spencer at home; Charley at home;  
John Hardin Phillips living in a  
very pleasant and nice home a little  
way to the west; Edward M. recent-  
ly married and not fully settled but  
at present in town.

John has three daughters and that  
is all the grandchildren Mrs. Phil-  
lips has. Spencer and Charley have  
never yet found housekeepers as  
good, in their estimation, as moth-  
er and so they live happily together  
in the home place. Certainly the  
dear old lady is not overworked for  
she looked the perfect picture of  
health and happiness. She said the  
boys were good to help her with all  
the heavy work and she could do the  
cooking all right and no doubt the  
married sons do occasionally remind  
their wives of how mother used to  
cook this or that dish.

Mrs. Phillips is proud of the fact  
that with few exceptions she has  
never been sick or needed the at-  
tention of a doctor.

The reporter regretted that lack  
of time made it impossible for him to  
call at the homes of William and  
John but he hopes to do so at an  
early day. The old lady asked him  
to do so with pardonable pride, as-  
suring him he would find places very  
attractive and that is surely the case.  
Next time, too, the writer hopes  
he will be able to see the boys and  
discuss with them their successful  
ways of farming.

PHILLIPS FAMILY IS  
CREDIT TO COUNTY

Homestead of Mrs. J. R. Phillips  
Northeast of Town Gives Evidence  
of Industry and Prosperity—Came  
to This Vicinity in 1868.

A gentleman traveling through ru-  
ral Tennessee stopped in front of a  
small, neat farmhouse surrounded  
by every evidence of thrift and com-  
fort and after getting a drink en-  
gaged in conversation with an old  
lady sitting on the front porch con-  
templating the scene before her  
gradually he drew from her a very  
interesting life story. She and her  
husband had settled on that farm  
many, many years ago when begin-  
ners; had bought a little farm on  
boys had industriously they went to  
work to pay for it but before the  
mortgage was wholly wiped out the  
husband died leaving the wife to  
struggle through life with three  
small boys. With pardonable pride  
the old lady pointed to a large, two  
story white house remarking that  
her son Joe lived there and had a  
quarter section of land. Then di-  
recting attention to another large  
house in a different direction she  
said her son Jim lived there and  
added,

"Did you notice a big yellow house  
two mile down the road?"

The traveler said he did.

"That's where my baby, Ed,  
lives."

"And how did you succeed so well  
raising those boys without a father?"  
asked the visitor.

"I raised 'em with a prar and  
hickory and I raised 'em powerful  
frequent."

Just then baby Ed drove up with  
his family and three rosy cheeked  
children jumped from the surrey  
shouting "Hello, Grandma," and  
rushing to the porch they began  
climbing over the old lady and show-  
ing her things they had brought  
her from town much to her satisfac-  
tion.

**A Somewhat Similar Experience**  
A short time since the writer had  
an experience that reminded him of  
the Tennessee story in a few partic-  
lars only. Some five or six miles  
northeast of town he drove up to a  
fine farm house handsomely and  
comfortably furnished while the  
buildings all about it showed evi-  
dences of industry and prosperity. It  
was the home of Mrs. John R. Phil-  
lips and her sons Spencer and Char-  
ley. The visitor was met by a smil-  
ing hearty old lady who bore her  
72 years as lightly as any young  
miss in the country and it is safe to  
say it wouldn't be wise for any of  
them to try to outdo her now.

She didn't know where the "boys"  
were so the visitor had a pleasant  
talk with her and found her ex-  
cellent company. Her husband was born  
in Ohio and was brought to this  
state when a baby in 1830 and con-  
sequently was entitled to be called a  
"snowbird," that is, one who was  
here before the famous deep snow  
though he didn't remember it. She  
produced her marriage certificate  
which showed that John H. Phillips  
and Margaret Berry were married  
by Rev. George Rutledge, May 12,  
1868.

WILL TALK ABOUT  
FARM ADVISOR SATURDAY

Government Agent Will Come to Ex-  
plain Proposition—U. S. Funds  
Now Available for Half Expense.

A meeting of the executive com-  
mittee of the Morgan County Farm-  
ers' club was held Saturday. At  
this session it was determined to hold  
a mass meeting at the court house  
next Saturday, October 6, at 2 p. m.,  
for the purpose of considering the  
question of securing a farm advisor  
for Morgan county. As has been pre-  
viously mentioned the U. S. govern-  
ment is now urging counties, espe-  
cially in the richer agricultural dis-  
tricts of the U. S., to organize crop  
associations and secure advisors.

The government is doing this for  
the purpose of providing war time  
increases in crop production. It is  
realized that for a successful prose-  
cution of the war that every acre  
of tillable land must be utilized to  
the greatest possible extent. Con-  
gress appropriated several million  
dollars to aid in the crop extension  
service and \$140,000 has been set  
aside for the use of Illinois coun-  
ties. The money is available at once  
so Morgan county farmers and land-  
owners now have the opportunity of  
securing an advisor at comparatively  
small local expense and thus help-  
ing along with the betterment of  
local crop conditions and at the  
same time doing a patriotic service.

Sidney B. Smith of Springfield,  
an agent for the U. S. department of  
agriculture, will come to the city to  
address the meeting next Saturday.  
He has recently been endeavoring  
to induce the farmers to make  
some effort to secure an advisor. If  
interest is shown Mr. Smith is ready  
to spend a week or more here to as-  
ist in organization.

It will require pledges amounting  
to \$2200.00 a year for three years  
and the co-operation of 300 farmers  
to meet the Federal requirements.  
If these pledges can be secured Fed-  
eral and state aid will be available  
in time to secure an advisor for  
spring farm work.

The present officers of the Morgan  
County Farmers' Club are, Chas. S.  
Black, president; C. A. Rowe, vice-  
president; Fletcher J. Blackburn,  
treasurer, and H. J. Rice, secretary.  
Its executive committee is made up  
of these officers and Chas. E. Drake,  
C. Justus Wright and G. A. Leach.

About a year ago a movement for  
securing an advisor was started and  
a list of landowners who were will-  
ing to pay a membership of 5c an  
acre on their land was secured. Af-  
ter a short time the plan of securing  
an advisor was postponed but the  
following list of names secured at  
that time is the best indication that  
there is a great deal of local inter-  
est in this important subject.

## FORMER I. C. STUDENT IN U. S. AVIATION SERVICE

Friends of Arland Folsom Receive Letter Telling of His Work in Aero Squadron—Praises Work of Army Y. M. C. A.

W. C. Bradish has received the following letter from Arland S. Folsom, now with the 20th Aero Squadron, Wright branch, Dayton, Ohio. The young man was formerly a student at Illinois college and has many friends here who will be glad to have news from him. The letter follows:

20th Aero Squadron, Wright Branch, Dayton, Ohio, Sept. 23, 1917.

Dear Friends:

I received your letters yesterday and the box of gum also. I thank you very much for them, too. I have used your recommendation already and have gone up for a commission in the signal corps, aviation branch. If I get it, which I think I will, I will be a regular flyer. I know very well I can do the work. They are very much in need of flyers too.

I have some pictures for you and will send them as soon as I can get to town to do so. I am in an aviator's outfit in one of them, the other is of the barracks and mess hall. I received the paper telling of the opening of Illinois college, and it made me wish to go back for a while, but I know that I wouldn't be content with all the other boys gone. Do you know that I never have done anything in my life over which I have been so well pleased as I am by joining the army and this branch of service. I would do it all over again and be glad to do it. I find that I have a whole lot of things to learn. The army is a very good place to try fellows out and find just what kind of stuff they are made of. The biggest and greatest thing on earth to help a soldier is a Y. M. C. A.

I am, as ever, Arland S. Folsom.

some time and seems to like the new  
step.

### ILLINOIS WOMAN'S COLLEGE

EMPLOYS MISS NORMA VIRGIN  
Miss Norma Virgin, a graduate of the Art department of the college, has been employed to be Miss Kopf's assistant in the school of Fine Arts.

After graduating from the college, Miss Virgin studied one year at the Art Student's League at New York, and did commercial art for the J. Walter Thompson Advertising Company. She studied last year at the Chicago Art Institute where

she taught in the Saturday Juvenile Class. In Chicago, Miss Virgin did commercial art work for J. D. Seelye Engraving Company.

Miss Virgin's work has not been confined strictly to school and commercial work, but she has been very successful in work for some of the magazines. McClure's Magazine has recently purchased one of Miss Virgin's drawings, which will appear soon in that publication. She has also done illustrative work for McClure's Magazine. The Ladies' Home Journal has awarded her prizes for costume designing, and she has exhibited some pencil portraits, in which she excels, at the Chicago Art Institute. These sketches received most favorable comment in the Chicago papers. A number of the drawings were sold.

The work of the department will be greatly enlarged thru Miss Virgin's help. It is planned to give considerable attention to commercial drawing, illustrative work, costume designing, advertising and other phases of Commercial work.

Miss Virgin is a person of charm and unusual artistic ability, and brings to her work the enthusiasm of creative inspiration. It is a matter of much satisfaction to know that every graduate of the Woman's College School of Fine Arts, as far as is known, is employed in a good responsible position.

A special feature of the work of the department which is being done at this time is the preparing of a number of posters which are to be distributed gratis to the local banks calling attention to the campaign of the new liberty loan about to be launched.

### WORKMEN ASPHYXIATED

Gary, Ind., Sept. 29.—Six men met death in the plant of the United States Steel Corporation here today as an indirect result of the strike of switchmen in the local yards of the Chicago, Joliet and Eastern railway.

Because of a shortage of material in the mills, due to the strike, one of the blast furnaces became clogged. Emory Padgett, a foreman, took eight men into the furnace to clean it. A gas valve gave way and Padgett and five of his workmen were asphyxiated. It is thought that one of the workmen broke the valve accidentally.

## THE GREAT WARFIELD COMING SOON

Famous Actor Will Appear at Grand Oct. 4 in "Music Master."

David Warfield, who comes to the Grand Thursday night, October 4th, in "The Music Master," holds the distinction of making the longest run known to the New York stage when he first appeared in famous Charles Klein drama just thirteen years ago. During the three seasons in the metropolis Mr. Warfield gave six hundred and thirty five consecutive performances to never an empty seat. It was an engagement such as no other star has equalled before or since in one play, and was the talk of theatrical circles both in America and Europe.

Warfield's fame spread abroad, and his soul stirring characterization of the old musician has elicited golden encomiums from the world's critics. The financial success has been quite in keeping with Warfield's artistic triumph. "The Music Master" made both its star and David Belasco, who produced it, over a million dollars each and established Warfield in the very front rank of his profession. No other star or play has ever before opened a third season in New York, with the run interrupted only by the ending of the regular theatrical season; no other New York theatrical offering in the annals of the American theatre, can produce the box-office record held by Warfield in "The Music Master."

H. W. Sparger, Prop., of the Cottage Cleaning Works has moved from 215 N. West St. to 315 W. State St., and will start business October 1st.

## BLIND GIRLS CAME NEAR INJURIES.

Fell to Pavement as They Jumped to Keep out of Pathway of Automobile.

Saturday there was enacted at the corner of the square and East State street, what came very near being a tragedy. Two girls from the blind institution were attempting to cross the street at this point when a Ford automobile driven by a woman, and said to be traveling at an illegal rate of speed, turned the corner and almost rushed right upon the girls. One of the girls, possessing enough sight to be aware of the approaching car attempted to get out of the way and both jumped or leaped backward to avoid the danger of being run over. As they did so they fell and while they were somewhat scratched and bruised by the fall, they consider themselves very fortunate to be no worse injured than they are.

It seems unfortunate that the pupils from the blind here on their holiday on Saturday as it is on this day that the traffic on the streets of Jacksonville is greatest and some drivers of vehicles, not only motor cars, are inconsiderate of pedestrians. The woman driving the car, it is said, did not slacken her pace, but passed on and was so far as known, unrecognized by any one. The girls were taken into a business house near by and their injuries given attention.

### BARN BURNS ON BLACKBURN FARM

A barn on the farm of Miss Estella Blackburn, northwest of the city on which Zed Bell is a tenant, was totally destroyed by fire which started about 7 o'clock Saturday evening. Several wagons and sets of harness were also burned and a quantity of hay and oats. Several horses in the barn were gotten out. The loss on building and contents probably will exceed \$1,000. It is not known whether or not there was any insurance. Mr. Bell was in Jacksonville visiting friends when the fire started and did not know of it until the building had burned.

## DR. BLACK MET WITH MEDICAL COMMITTEE

Seek to Establish Proper Standard of Medical Education—Dr. J. A. Capps Now Major in Medical Reserve Corps.

Dr. Carl E. Black returned Saturday morning from Chicago where he spent two days on business for the State Department of Registration and Education. The department is now inspecting Medical Colleges in order to establish for the state a proper standard of medical education and grade colleges so that the state may know what colleges are entitled to recognition. Wednesday evening Dr. Black attended the Stock Yards meeting and heard Mr. Roosevelt's speech on "America, the Melting Pot." He said that the enthusiastic, roaring patriotism of over 12,000 Americans of all classes was a wonderful sight. They certainly all seemed to be good Americans, ready to do their duty for our common country. Many could not even secure standing room.

Friday Dr. Black accompanied Surgeon Major Blair of the Surgeon General's office out to Camp Grant at Rockford. The party drove out to Rockford with Dr. Gilmer and Dr. Arthur Black of Chicago in Dr. Gilmer's automobile, the round trip making a drive of about two hundred miles. Dr. Black reports that the camp is still in a very unfinished condition, far from ready to take care of the men for whom it is being prepared. It is a busy place however, with work being pushed in every direction on hundreds of buildings scattered over an area of over 3,000 acres. When completed it will be a wonderful place. The hospital which is still unfinished and without supplies will accommodate 1,000 patients.

At Camp Grant Dr. Black met Dr. J. A. Capps, now a major in the Medical Reserve Corps, U. S. A., and in charge of the medical service at the camp; Lieutenant (Dr.) Fell, formerly of Jacksonville; and also Dr. Arthur Wood, Lieutenant in the Dental Reserve Corps, U. S. A. Until July 1st Dr. Wood had an office in the Avers Bahr Building. Dr. Black also met many other medical and dental officers of his acquaintance who are now on duty at the camp. Conditions at the camp show plainly that time is required to fogn and properly equip an army.

## WAVERLY TROUNCES PAWNEE ELEVEN

Wins By Straight Football—Colbert and Woods Stars—Girard Beats Auburn.

Waverly Township high school foot ball team trounced Pawnee high at Waverly Saturday afternoon by a score of 25 to 0. Pawnee offered a strong defense during the first quarter and even at the end of the second quarter the score was only 6 to 0 in favor of Waverly.

However, in the third and fourth quarters the Pawnee defense crumbled before the attack of Waverly's back field and three more touchdowns were added. McMahon was able however, to kick only one goal in four tries. Waverly played straight football during the entire game with Colbert and Woods carrying the ball. The Waverly team played a strong defensive game and her goal was never in danger.

Colbert made Waverly's first touchdown with line plunges in the second quarter. Waverly's second touchdown was made when C. Burnett fell on the ball after a Pawnee fumble on Pawnee's goal line. Woods made the other touchdowns. Waverly's next game will be with Girard Saturday Oct. 13.

Waverly line-up follows: Hughes, re, Bostic rt, Preston rg, Sperry c, Allen lg, Carroll Redfern lt, McMahon le, Lyons qb, Woods rhb, Carl Redfern lbh, Colbert fb, Substitutes, Bateman, C. Burnett, O. Burnett, Jarrett.

## MORGAN COUNTY BOY ENJOYS LIFE IN NAVY

John W. Hembrough Writes Mother From U. S. S. Dolphin—Was Sent to Sea on Very Short Notice.

The following letters were written by John W. Hembrough, son of Mr. and Mrs. J. D. Hembrough of route 5, who is now serving in the U. S. navy aboard the U. S. S. Dolphin. The young man speaks in glowing terms of the navy life, although it is a busy one.

U. S. S. Dolphin, Sept. 18, 1917.

Dear Mother:  
 I was sent to sea unexpectedly and did not have time to write from the station before I left. I received orders to "pack up" just before dinner, had to miss my dinner and run a mile double quick to make connections but that doesn't hurt a sailor who has been thru a training camp. It was only good exercise. I am well and having a good time, don't have to work as hard as I did at the station. I get plenty of sleep and all I can eat, and am getting fat.

We are not allowed to write anything about what we are doing, where we have been or where we are going. Hoping all are well at home.

Yours,  
 John W. Hembrough.

Key West, Fla., Sept. 22, 1917.

I received your letter this morning dated Sept. 9. Have been on the go so much it takes a long time for my mail to catch up. I have four hours liberty this afternoon and am writing this in the Red Cross rest room. I don't know how long we will be here. It is rather warm here at present. I understand my mail is censored while on board ship but not when I am on shore.

I like the ocean fine. In good weather the water is a prettier blue than the sky. If it were not for "war times" I could write lots about

the ship. I left the training station Tuesday, Sept. 11, and arrived in Guantanamo Bay, Cuba, Sunday morning. They coaled ship Monday and then went to Havana; arrived there Thursday morning and left for Key West Friday morning, got here in the evening. We had some rough weather on the way down but it was fine coming back. I saw some porpoises in the bay. They were from four to ten feet long and would jump out of the water once in a while. The fish come up and play around the bow of the ship while at anchor.

I had all kinds of drill just before I left the station. I wish you could have seen battalion drill and inspection. There were about 200 sailors on the drill grounds at one time, all dressed in spotless white and carrying guns. It was a pretty sight. The captain with his staff of officers inspects the troops every Saturday morning. Everybody has to be "slicked up" or go on report, that means extra duty. There are several sailors missing their liberty this afternoon on that account.

I don't have much time to write on board ship. If you don't hear from me for several weeks you will know I am busy looking for submarines. We usually went to church on Sunday unless we were on guard duty, but were quarantined one Sunday on account of a case of measles in one of the companies. Lt. Mus. was my L. D. X Y Z (rating). It stands for Landsman Musician. I have been promoted and am now "powder monkey" and "lookout" for submarines. My eyes tested 20-20. That is above the standard required and we use spy glasses to look thru. It is not hard work but rather monotonous, especially about 2 a. m. We run without lights.

I am always glad to hear from home as I do not want to lose out on the news. I like the navy fine and hope we will soon go to sea again. Will close as my time is about up. I am well and hope this will find all well at home.

Yours,  
 John W. Hembrough.

## MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If Tongue is Coated, Breath Bad, Stomach Sour, Clean Liver and Bowels.

Give "California Syrup of Figs" at once — a teaspoonful today often saves a sick child tomorrow.

If our little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomachache, diarrhea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative", because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs", then see that it is made by the California Fig Syrup Company.—Adv.

## J. H. S. SWAMPED BY ALTON HIGH

Inability to Solve Visitors' Attack and Fumbling at Critical Times Cause of Defeat—Score 26 to 0—Weather Conditions too Warm for Good Playing.

Inability to solve Alton's attack and fumbling at critical periods caused Jacksonville high to lose the first game of the season on Illinois field Saturday afternoon by a score of 26 to 0.

Both teams showed a tendency to fumble but Alton's fumbles did not prove disastrous. In addition Alton was able to pierce the local line and run the ends while Jacksonville could not gain consistently thru the Alton line. For the first game of the season both teams showed unusually good condition and there was not much time taken out for either team in the early periods. During the latter part of the game, however, the men began to tire and the game slowed up.

Alton uncovered two pretty forward pass formation and got away with a number of them. Jacksonville was unable to work the forward pass with any degree of success. At the beginning of the game it looked like a walkaway for Alton but the locals braced in the shadow of their goal and took the ball on downs. For a time they outplayed Alton but then the tide of battle changed and Alton held the advantage thruout.

Alton had one man who was largely responsible for the team's victory. This was Schafer at left half. He played a whale of a game and was called time after time for end runs or line plunges and he seldom failed to deliver. Ohnsort at full back, D. Childs at tackle and Clayton at quarter also played good games.

Jacksoville while showing the lack of actual playing, has material that should make a good team when it gets to going. The men are fast though somewhat light but with the development of an open attack the team should win the majority of its games. In Saturday's game good work was done by Reeve, Ferguson, Fierke, Bento and Tholen. The defeated Saturday Coach Hoover has no reason to feel discouraged for with a week more of practice and a little more precision and speed in the execution of plays the local high will be a formidable opponent.

Jacksoville kicked off to Alton at the beginning of the game. Alton carried the ball down the field by end runs and line plays to Jacksonville's eight yard line where they were held for downs. Jacksonville tried the line but was unable to gain and kicked to Alton on Jacksonville's 20 yard line. Alton made eight yards around the end and then Jacksonville intercepted a forward pass on her 15 yard line. Jacksonville made first down in three plays. They followed this with a forward pass for nine yards and on the next play was penalized five yards for offside. Fierke made 12 yards for first down. Jacksonville attacked the line but could not gain and lost the ball on downs.

Alton's ball on Jacksonville's 40 yard line. Alton was unable to make the distance and the ball went over for downs. Jacksonville lost the ball on downs. Alton carried the ball by line plays and end runs to Jacksonville's eight yard line when time was called for the quarter.

Second Quarter.

Alton started the quarter with an end run which failed to gain. A forward pass back of the goal went for a touchdown and the ball was put in scrimmage by Jacksonville on the 20 yard line. Jacksonville after two plays fumbled and Alton recovered the ball. Alton made first down in two plays. On the next play Schafer went around the end and scored a touchdown. Alton kicked goal and the score was Alton 7, Jacksonville 0.

Alton kicked to Jacksonville on the 20 yard line and the ball was carried back to the 40 yard line. Jacksonville was forced to kick and it was Alton's ball on her own 43 yard line. Alton hit the line for nine yards and then was penalized 15 yards for holding. Alton kicked to Jacksonville on her 21 yard line. Jacksonville gained a yard and was then penalized 15 yards for holding. Jacksonville kicked and downed the ball on Alton's 45 yard line. Alton marched down the field to the 20 yard line, where Clayton took over a forward pass for a touchdown. Goal was missed. The half ended with the ball in Alton's possession in Jacksonville territory. Score, Alton 13, Jacksonville 0.

Third Quarter.

Jacksoville again received. After a few plays Jacksonville was forced to kick. Alton also was unable to gain and kicked to Jacksonville. After trying the line and ends Jacksonville again kicked. Alton played desperately and with smashing line plays and end runs carried the ball to the ten yard line where Ohnsort carried it over a fake kick formation for a touchdown. The goal was missed. Score Alton 19, Jacksonville 0. The third quarter ended a few minutes afterward.

Fourth Quarter.

Jacksoville again received and after a few plays Jacksonville lost the ball and Alton working to within striking distance made her last touchdown, Parker carrying the ball over for a touchdown. The goal was kicked. Score, Alton 26, Jacksonville 0. The ball alternated back and forth between the two teams during the remainder of the game. Jacksonville lost the ball on a fumble just as the whistle blew ending the game. The lineup: Jacksonville: Alton, Cantrill, le, Bento, D. Childs, capt. It, Tholen, Bensinger, lg, Garvin, Hile, c, McDougall, J. Childs, rg, Artor, Smith, rt, Smith, Barker, re, Greene, Clayton, qb, Reeve, Schafer, lb, Gustafson.

**EAT BIG MEALS! NO SOUR, ACID STOMACH, INDIGESTION OR GAS**

"Pape's Diapepsin" is Quickest, Surest Stomach Relief Known—Try It!

Time it—Pape's Diapepsin will sweeten a sour, gassy or out-of-order stomach within five minutes. If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors. Pape's Diapepsin helps to neutralize the excessive acid in the stomach which is causing the food fermentations and preventing proper digestion.

Relief in five minutes is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn, and headache, for many months. It belongs in your home.—Adv.

## COTTAGE PRAYER SERVICES.

The reports that begin to come in from all sections of the city, indicate that unusual interest is being taken in the Neighborhood Prayer Meetings. Some of them, of course, were not as largely attended as others, but the average attendance indicates that there will be hundreds of people who will attend the prayer meetings each morning and evening during the campaign.

Possibly one of the largest meetings that was held in Jacksonville on Friday evening was the one conducted by Rev. E. B. Landis, at the residence of Mrs. Julia Holmes. Mr. Landis reported thirty-two in attendance, and a keen interest taken in the coming campaign. Other prayer meetings had ten, fifteen and larger, and sometimes smaller numbers, but the general report is highly gratifying.

## A REMARKABLE RIDE.

The venerable Mrs. Sarah Jewsbury, sister of Henry Jackson of this city, and a resident of Litchberry vicinity, took a remarkable ride a few days ago. For some twenty years she had not been off the place and for ten years or more she has been practically bedridden, but a short time since she conceived an earnest wish to visit the grave of her late husband in the Arcadia cemetery and so her physician, Dr. A. E. Obermeyer of Arcadia went for her in his Case car and gave her the ride and she returned none the worse but if anything better for the trip.

37th Anniversary Sale

C. C. Phelps Dry Goods Company

37th Anniversary Sale

# 37th-CASH ANNIVERSARY SALE-37th

## Began Thursday Morning, September 27th

## Ends Saturday Night, October 6th, at 9 O'clock

This is the thirty-seventh anniversary of the founding of this business by Phelps and Osborne and the first anniversary of the C. C. Phelps Dry Goods Company. The reputation of our Anniversary Sales is country-wide—Jacksonville and surrounding country awaits it. Hundreds from the surrounding country towns attend this annual event, all knowing that the newest and most dependable merchandise of every description can be purchased during this sale, at the lowest prices.

Prices quoted in this sale are much lower than the merchandise can be bought from the manufacturers and with the daily advance in price on account of the war makes it to your advantage to purchase now. Having this sale in view we made purchases long before the great advance in prices for your especial benefit.

**WHAT THIS SALE MEANS TO YOU.** The far reaching importance of this event is far beyond the imagination of the average individual; ten departments, representing every class and character of general merchandise are combined for the purpose of holding a BARGAIN CARNIVAL of the greatest magnitude. **WHY SUCH LOW PRICES?** you ask. We are frank to admit this is no money-making sale; we sacrifice the profits below the cost of doing business, thus we secure friendship and constant patronage. **LOOK FOR THE ANNIVERSARY SALE TICKETS** in every department.

For nearly two score years this house has pursued a policy that has made for itself the name of both Style and Bargain Center. Beginning in 1881 with a small equipment, it has pursued its way for nearly two score years, until today we are more than ten times the size of the original concern and any one of the 35 sales people or managers will direct or await your wishes.

There must be a reason for this phenomenal growth. The answer is found in the fact that fair and courteous treatment together with correct values have been the foundation stones upon which this business has been built. **OUR OWN AUTO DELIVERY SERVICE.**

Standing today upon the high vantage ground of the present, our vision commands the past and the future. Thirty-seven years have gone since the humble beginning of what is now one of Jacksonville's foremost mercantile enterprises.

The C. C. Phelps Dry Goods Co.

Many of the older citizens of Jacksonville will remember that 37 years ago two young men, C. C. Phelps and S. D. Osborne, commenced business on a small scale on the east side of the square, but little did the people of that day think that the small beginning would in a few years grow to be one of the largest mercantile enterprises in the city. Courteous treatment, popular prices and dependable merchandise and well conducted business enterprise has caused the growth of this great store

#### WOMAN'S COLLEGE NOTES

The week just closing has been one of intense activity and full of interest, as well as hard work for all the students and members of the faculty at the college. On Monday occurred the annual picnic given to the students by Dr. and Mrs. Pittner at their beautiful home at Fairview. Weather conditions were perfect, the luncheon was bountiful and appetizing, and everyone felt the spirit of welcome and good cheer which contributes so largely to the success of such affairs.

As already announced in the local press, Miss Mothershead, the Dean, will attend a two days session of a joint Y. W. C. A. and Y. M. C. A. committee that will have charge of raising Illinois' share of the million dollar fund which the colleges of the country will secure. Miss Mothershead is one of the committee of four to look after the work in this state. Her selection for this important committee is quite a compliment to her ability and to the high standing of the college she will represent.

Tuesday evening about 150 of the students were entertained in the new gymnasium at a Marshmallow Roast. The cheering fireplace was the center of activity. Many amusing and interesting games were played.

Mrs. J. R. Harker left Thursday for a visit with her daughter, Mrs. Geo. R. Atherton of Minneapolis, Minn.

## ANDRE & ANDRE

The Best Place to Trade, After All

Don't forget the date! Oct 1—Monday —to— Saturday—Oct. 6

#### The Four Walled Copper-Lined Malleable Range

No Other Range is Clad with Real Copper That Never Rusts

Count the Walls—1, 2, 3, 4, One of Pure Copper

First is the outer wall of Allegheny iron, second the pure copper wall, third the thick asbestos wall, fourth the warless gray iron wall that clamps the asbestos in place and never burns out.

#### Why Not One Thick Wall?

Because such walls waste too much heat by radiation. Asbestos does not radiate and waste the heat, but it does "sweat" as it cools off.

For long years no one understood why malleable ranges rusted out from the inside. No one thought of asbestos sweating—but it does, and to separate the outer wall (body of range) from the sweaty asbestos was necessary.

Separate with something that will never rust. "Copper is the thing," said the originator of the Copper-Clad Range. So between the asbestos and outer wall he put a sheet of pure copper—and not one Copper-Clad Range has ever rusted out.

This Copper Wall saves the price of a new range every 10 years, and while it costs much more to make, it is well worth the money. The Copper-Clad Range is conceded the best range made anywhere at any price.

impossible for the college notes to do justice to Miss Vittum's address, except to say briefly that she made a most stirring plea for conservation of food, self denial, active and aggressive Red Cross work, the saving of leather of all kinds and of all cast off garments, the sending of Christmas boxes to the soldiers, the making of scrap books, etc. The young women of the college have been doing a great deal of Red Cross work and her presentation, of some of the needs and the opportunities to meet these needs were greatly appreciated.

In other columns of the paper will be seen an announcement of the appointment of Miss Norma Virgin as assistant in the School of Fine Arts. Miss Virgin is one of the many young women who have graduated from the college and who have made good in the profession which she has chosen.

Miss Knopf, the Director of the School of Fine Arts, has just had notice accepted for the American Artists' Exhibition now being held in the City Art Museum at St. Louis. These pictures are "On Cape Cod", "On the Beach" and "In the Heart of Pine Forests". Many of the Jacksonville friends of Miss Knopf will remember that these pictures were the best liked of those done by her and included in the exhibition held last spring of paintings by contemporary American artists.

The Seniors and Juniors with four of the Sophomores are spending the week-end at Lake Matanzas. This has become an annual affair and one which is greatly enjoyed by all who have the opportunity to go.

The Sophomore Class entertained for the Freshmen at a vagabond party Saturday night. The new gymnasium and back campus were used in the party. Marshmallows were roasted on the campus, while in the gymnasium wiener sandwiches were prepared as part of the refreshments. It is unnecessary to report that a good time was thoroughly enjoyed by everyone.

The total enrollment in all departments this year shows 10 per cent increase over the enrollment of last year.
